NJTA Law Department offers internship opportunities

WOODBRIIDGE - The New Jersey Turnpike Authority is offering law students the opportunity to serve as volunteer/unpaid interns in the Authority's Law Department during their fall or spring semesters or during their summer breaks. If accepted into the program, students will serve in the Authority's Law Department, where they will be supervised by a staff attorney. The director of law will have overall supervision of the program.

The Authority owns and operates the New Jersey Turnpike and the Garden State Parkway. Both toll roadways are major arteries in the Northeastern United States. The Authority's Law Department regularly addresses an array of legal issues involving public procurement; administrative law; real estate, contract and environmental law; and litigation.

During their internship, students will perform law clerk responsibilities, including legal research and writing, and will have the opportunity to observe a range of lawyering activity. Students participating in the program may also have the opportunity to attend court proceedings, meetings, depositions, and other special events.

If you are a law student and would like to be considered for a position in the program, please print and fill out [this application](#) and submit it along with your resume, a legal writing sample, and your most recent grade report to the following internship program coordinator:

Mariann Zach, Esq.
